

AIOS System Map

Cold-email v1 contact flow • 5 climbing-themed agents • modules, hand-offs, operator surfaces • generated 2026-04-28

Scout (recon the route) → Lead (climb first) → Belay (catch falls, secure to anchor) → Compass (point the way) • Beacon (signal the route is open) — future content track

LinkedIn / SMS / WhatsApp / voicemail / letters land in Plan 3 as channel sub-modules under Lead (not sibling agents). Replies on any channel route to Belay.
